[01] THE HOOK

A great resume. A great interview. But can they do the job?

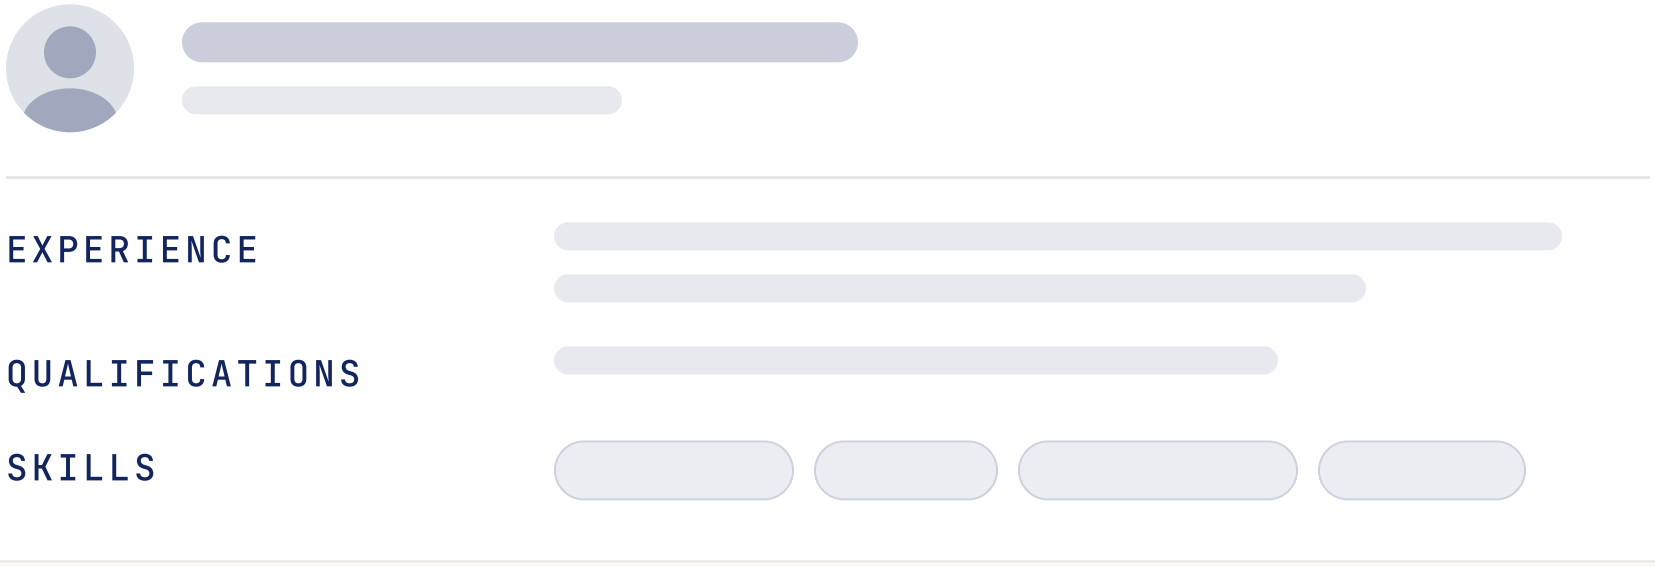

There is more to a candidate than what meets the eye.

01	The resume	✓ IMPRESSIVE
02	The interview	✓ WENT WELL
03	On the job	UNKNOWN

[02] THE PROBLEM

A resume shows the highlights.

Experience, qualifications and skills are important. But they do not always reveal how someone thinks, behaves or responds to challenges.

NOT ON THE PAGE

- ? How they think
- ? How they behave
- ? How they respond to challenges

[03] THE REVEAL

Look beyond the resume.

Psychometric assessments help uncover cognitive abilities, personality traits and behavioral tendencies relevant to a role.

01

Cognitive abilities

HOW THEY THINK

02

Personality traits

HOW THEY BEHAVE

03

Behavioral tendencies

HOW THEY RESPOND TO CHALLENGES

[04] THE VALUE

Make every hiring decision more informed.

Use standardized insights alongside interviews and other hiring evidence to understand candidates more objectively.

04	Resume	BACKGROUND
03	Interviews	CONVERSATION
02	Other hiring evidence	CONTEXT
01	Psychometric insights	STANDARDIZED

TOGETHER

A more objective view
